**RULE 32, ALABAMA RULES OF JUDICIAL ADMINISTRATION, PROVIDES THE FOLLOWING DEFINITIONS:**

Income. For purposes of the guidelines specified in this Rule, "income" means the actual gross income of a parent, if the parent is employed to full capacity, or if the parent is unemployed or underemployed, then it means the actual gross income the parent has the ability to earn.

Gross Income.

"Gross income" includes income from any source, and includes, but is not limited to, income from salaries, wages, commissions, bonuses, dividends, severance pay, pensions, interest, trust income, annuities, capital gains, Social Security benefits, Veteran's benefits, workers' compensation benefits, unemployment-insurance benefits, disability-insurance benefits, gifts, prizes, and preexisting periodic alimony.

"Gross income" does not include child support received for other children or benefits received from means-tested public-assistance programs, including, but not limited to, Temporary Assistance for Needy Families, Supplemental Security Income, food stamps, and general assistance.

Self-employment Income.

For income from self-employment, rent, royalties, proprietorship of business, or joint ownership of a partnership or closely held corporation, "gross income" means gross receipts minus ordinary and necessary expenses required to produce such income, as allowed by the Internal Revenue Service, with the exceptions noted in Rule 32 (B)(3)(b).

Under those exceptions, "ordinary and necessary expenses" does not include amounts allowable by the Internal Revenue Service for the accelerated component of depreciation expenses, investment tax credits, or any other business expenses determined by the court to be inappropriate for determining gross income for purposes of calculating child support.

Other Income. Expense reimbursements or in-kind payments received by a parent in the course of employment of self-employment or operation of a business shall be counted as income if they are significant and reduce personal living expenses.
